# ABOUT CCA MUN'23

As an educational hub, Colonel's Central Academy School (Gurgaon) strives to propel new ideas, constant learning, adaptability, fresh skills, and sustainability. These five things form the core of CCA School Gurgaon Model United Nations Conference and our young pupils are the ones who lay the bricks of said core. Inculcating the prowess required to lead, communicate and analyse in these children is crucial. It ensures that every move they make is informed, judicious and for the betterment of all.

To further this motive, it is a matter of pride for us to invite your esteemed institution to CCA-MUN'23. The conference will revolve around providing a range of methods to the participants via which they can shape, formulate and express their views on matters of global significance. It will stimulate committees like UNGA (DISEC), UNHRC, UNICEF, AIPPM, UNCSW, and IP.

**Col. Kr. Pratap Singh**

Chairman

As a child grows up, there are things they become passionate about. Be it a sport, a hobby, or a cause. I strive for CCA to be the benchmark when it comes to facilitating a child making informed choices, thinking independently, and taking decisions judiciously. The fruitfulness of the students being socially and politically aware and participating in nation-building is boundless.

To enable this, CCA Gurgaon Model United Nations provides the participants with a forum to discuss, deliberate and debate matters of crucial concern and international & national importance. It stimulates their minds and nurtures them into young adults who can take charge of the future. I am most pleased to invite the nation's young brigade to this event and look forward to an overwhelming participation to illuminate the same.

To provide the participants with a forum to discuss, deliberate, and debate on matters of crucial concern and international and national importance through MUN gives me immense joy. The aim is to present and confer a platform more than an academic bench open to discussion of a myriad of complex and critical thinking issues.

I truly believe in the importance of actively engaging in activities that provide a hand to solving global pressing issues, in addition to being aware of them. CCA Gurgaon MUN strives to create a platform that kindles the hearts of all students with curiosity and love for learning. I welcome you all once again to this event for building alliances that yield an effective outcome.

CCA MUN 2023

CCA-MUN'23 is not just a conference. It is an idea that emboldens and empowers the leaders of tomorrow with the faculty to scrutinise and convey information as well as opinions in a rational manner.

In this politically charged climate, it is imperative to consume and act on the basis of unbiased information. Colonel's Central Academy School eagerly awaits the participation of budding minds and educational institutions striving to bring about change.

The aim of CCA MUN is to present and discuss the extraordinarily lofty ideals of actuality, where every issue requires a degree of complexity and deductive thinking that textbooks don't provide. We warmly invite all the students to the conference, where they will share their unique perspectives on issues of global significance while learning more about the catastrophe the world is now experiencing.
